

Material Safety Data Sheet

according to Regulation (EC) 1907/2006

Product name : BOGENA UIERZALF 16068 + 16945 + 16944 + 16260
50G + 300G + 700G + 5KG
Revision : 24.09.2013
Print date : 24-09-2013

Version : 1.0.0

1. Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

BOGENA UIERZALF 16068 + 16945 + 16944 + 16260
50G + 300G + 700G + 5KG

1.2 Relevant identified uses of the substance or mixture and uses advised against

Care product

1.3 Details of the supplier of the safety data sheet

Manufacturer/Supplier : Beaphar B.V.
Street/P.O.Box : Drostenkamp 3
Country code/Postal code/Town/City : NL - 8101 BX Raalte
Telephone : +31 (0)572 348 834
Telefax : +31 (0)572 348 835

1.4 Emergency telephone number

+31 (0)612 968 231 (08:00 - 17:00 h)

2. Hazards identification

2.1 Classification of the substance or mixture

Directive 67/548/EEC or 1999/45/EC

Not classified

Regulation (EC) No 1272/2008 (GHS)

Not classified

2.2 Label elements

Directive 67/548/EEC or 1999/45/EC

Special designation for certain preparations

101 Safety data sheet available for professional user on request.

2.3 Other hazards

None.

3. Composition/information on ingredients

3.2 Mixtures

Hazardous components

WHITE MINERAL OIL (PETROLEUM) ; EC-No. : 232-455-8; CAS-No. : 8042-47-5

Percentage : 10 -< 25 %

Classification 67/548/EEC : Xn ; R65

Classification 1272/2008 (GHS) : Asp.Tox. 1 ; H304

For the wording of the listed risk phrases refer to section 16.

4. First aid measures

4.1 Description of first aid measures

General

In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.

After inhalation

Irregular breathing/no breathing: artificial respiration.

After skin contact

Flush away with water and rinse.

Material Safety Data Sheet

according to Regulation (EC) 1907/2006

Product name : BOGENA UIERZALF 16068 16945 16944 16260
50G 300G 700G 5KG

Revision : 24.09.2013

Print date : 24-09-2013

Version : 1.0.0

After eye contact

Flush with plenty of water.

After ingestion

Drink plenty of water.

4.2 Most important symptoms and effects, both acute and delayed

None known.

4.3 Indication of any immediate medical attention and special treatment needed

None.

5. Firefighting measures

5.1 Extinguishing media

Suitable extinguishing media

Alcohol resistant foam, CO₂, powders, water spray.

Unsuitable extinguishing media

Waterjet.

5.2 Special hazards arising from the substance or mixture

In case of fire toxic gases may be formed. Fire will produce dense black smoke. Exposure to decomposition products may cause a health hazard.

5.3 Advice for firefighters

Appropriate breathing apparatus may be required.

5.4 Additional information

Do not allow the quenching water into the sewage system.

6. Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Refer to protective measures listed in sections 7 and 8. Provide for sufficient ventilation.

6.2 Environmental precautions

Do not empty into drains. If the product contaminates lakes, rivers or sewages, inform appropriate authorities in accordance with local regulations.

6.3 Methods and material for containment and cleaning up

Contain and collect spillage with non-combustible absorbent materials, e.g. sand, earth, vermiculite, diatomaceous earth and place in container for disposal according to local regulations (see section 13). Clean preferably with a detergent; avoid use of solvents. Avoid dust development.

6.4 Reference to other sections

None.

7. Handling and storage

7.1 Precautions for safe handling

Information for safe handling

Comply with the health and safety at work laws. Normal precautions taken when handling chemicals should be observed. Do not eat or drink during work - no smoking.

Information about protection against explosions and fires

No anti-explosion measures necessary.

7.2 Conditions for safe storage, including any incompatibilities

Requirements to be met by storerooms and containers

Make sure that ventilation is adequate. Keep container tightly closed. Never use pressure to empty: container is not a pressure vessel. No smoking. Prevent unauthorized access. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

Information about separation of incompatible products

Keep away from combustible materials, reducing agents (e.g. amines), acids/alkalis, heavy metal compounds (e.g. accelerators, driers, metal soaps).

Material Safety Data Sheet

according to Regulation (EC) 1907/2006

Product name : BOGENA UIERZALF 16068 16945 16944 16260
50G 300G 700G 5KG

Revision : 24.09.2013

Print date : 24-09-2013

Version : 1.0.0

Further information about storage conditions

Always keep in containers of same material as the original one. See also instructions on the label. Avoid heating and direct sunlight. Avoid cooling to under 0°C.

7.3 Specific end use(s)

None.

8. Exposure controls/personal protection

8.1 Control parameters

None.

8.2 Exposure controls

Personal protective equipment

Respiratory protection

Breathing protection equipment required in inadequately ventilated places and during spraying.

Hand protection

Avoid contact with the skin and mouth. Use protective gloves.

Eye protection

Use safety glasses.

Body protection

Light protective clothing.

Additional information about engineering measures

Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates below the OEL (=Occupational Exposure Limit), suitable respiratory protection must be worn.

9. Physical and chemical properties

9.1 Information on basic physical and chemical properties

Relevant safety data

Physical state :			ointment
Colour :			light yellow
Odour :			Characteristic.
Melting point / melting range :			No data available °C
Boiling temperature / boiling range :	(1013 hPa)	>	100 °C
Decomposition temperature :			No data available °C
Freezing point :			No data available °C
Flash point :		>	180 °C
Auto-ignition temperature :			No data available °C
Flammability (solid, gas) :			No data available
Lower explosion limit :			No data available Vol-%
Upper explosion limit :			No data available Vol-%
Explosive properties :			No data available
Vapour Pressure :	(20 °C)		No data available hPa
Evaporation rate (n-butylacetate = 1) :			No data available
Water solubility :	(20 °C)		No data available g/l
pH value :			No data available
Partition coefficient (n-octanol/water) :			No data available
Viscosity :	(20 °C)		No data available mPa.s
Odour threshold			No data available
Vapour density (air = 1) :	(101 kPa)		No data available
Oxidising properties :			No data available

9.2 Other information

Material Safety Data Sheet

according to Regulation (EC) 1907/2006

Product name : BOGENA UIERZALF 16068 16945 16944 16260
50G 300G 700G 5KG

Revision : 24.09.2013

Print date : 24-09-2013

Version : 1.0.0

None.

10. Stability and reactivity

10.1 Reactivity

There are no data available on the product itself.

10.2 Chemical stability

There are no data available on the product itself.

10.3 Possibility of hazardous reactions

There are no data available on the product itself.

10.4 Conditions to avoid

Stable under recommended storage and handling conditions(See section 7).

10.5 Incompatible materials

Keep away from oxidizing agents, strongly alkaline and strongly acid materials in order to avoid exothermic reactions.

10.6 Hazardous decomposition products

When exposed to high temperatures may produce hazardous decomposition products such as carbon monoxide and dioxide, smoke, oxides of nitrogen.

11. Toxicological information

11.1 Information on toxicological effects

There are no data available on the product itself.

11.3 Additional toxicological information

There are no data available on the product itself.

12. Ecological information

12.1 Toxicity

There are no data available on the product itself.

12.2 Persistence and degradability

There are no data available on the product itself.

12.3 Bioaccumulative potential

There are no data available on the product itself.

12.4 Mobility in soil

There are no data available on the product itself.

12.5 Results of PBT and vPvB assessment

There are no data available on the product itself.

12.6 Other adverse effects

There are no data available on the product itself.

12.7 Additional information

Do not empty into waters or drains.

13. Disposal considerations

13.1 Waste treatment methods

Recommendation

Can be taken to a suitable incineration centre in observance of local regulations. Contaminated packaging must be emptied of all residues and, following appropriate cleaning, may be sent to a recycling plant. Uncleaned packaging must be disposed of in the same manner as the medium.

14. Transport information

14.1 UN number

Material Safety Data Sheet

according to Regulation (EC) 1907/2006

Product name : BOGENA UIERZALF 16068 16945 16944 16260
50G 300G 700G 5KG

Revision : 24.09.2013

Print date : 24-09-2013

Version : 1.0.0

The product does not constitute a hazardous substance in national / international road, rail, sea and air transport.

14.2 UN proper shipping name

The product does not constitute a hazardous substance in national / international road, rail, sea and air transport.

14.3 Transport hazard class(es)

The product does not constitute a hazardous substance in national / international road, rail, sea and air transport.

14.4 Packing group

The product does not constitute a hazardous substance in national / international road, rail, sea and air transport.

14.5 Environmental hazards

The product does not constitute a hazardous substance in national / international road, rail, sea and air transport.

14.6 Special precautions for user

None.

15. Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

None.

15.2 Chemical safety assessment

There are no data available on the product itself.

16. Other information

Further information

The details in this material safety data sheet satisfy national and EC legislation. We have no knowledge or control over the user's working conditions however. The product may not be used for any purpose other than that specified in chapter 1 unless written consent has been obtained. The user is responsible for the observance of all required statutory provisions.

R-Phrases of components

65 Harmful: may cause lung damage if swallowed.

GHS Hazard statements of components

H304 May be fatal if swallowed and enters airways.

These data are based on our present knowledge. However, they shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
