

Safety Data Sheet

Created : 13.10.2004

Up-dated:23.12.2010

1 Company and product identification

Trade name:

Boviform® plus^{SID}

Use of the substance / of the preparation:

Feed supplement

Manufacturer/Supplier:

CHEVITA Tierarzneimittel GmbH
Raiffeisenstraße 2
85276 Pfaffenhofen
Germany

Emergency information:

Tel. (+49)-8441-853-0

Fax (+49)-8441-853-50

2 Composition/information on ingredients

Dextrose; Whey powder (sugar content reduced); Sodium propionate; Sodium chloride; Potassium chloride; Banana flakes; Pre-swollen rice meal; Calcium chloride; Magnesium chloride; Camomile; Aniseed; Fennel.

Vitamin A (E 672); Vitamin E; Enterococcus faecium DSM 10663 NCIMB 10415 (E 1707) (Oralin®); Guar gum (E 412); Citrus pectin (E 440); Bentonite-Montmorillonite (E 558).

3 Hazard identification

Risk category: not applicable

Special safety instructions for humans and animals:

not applicable

Safety Data Sheet

Product name: Boviform® plus^{SD}

5 Fire-fighting measures

Suitable extinguishing media:

Carbon dioxide (CO₂), foam, dry chemical media, water jet.

Special protective fire-fighting equipment:

In the event of fire, wear protective breathing apparatus with self-contained oxygen supply.

6 Accidental release measures

Large quantities:

Pick up mechanically and remove for disposal in suitable containers.

Small quantities:

Rinse off with water.

Environmental protection measures:

- Dispose of product and cleaning material in accordance with regulations.
- Use personal safety equipment as per point 8.

7 Handling and storage

- Use as soon as possible after opening the package.
- Store in a dry and cool (<20°C) place to preserve quality.
- Protect from light, raised temperature and humidity.

8 Exposure control / personal protection

No special measures necessary.

Personal protection: Avoid contact with the product. Remove contaminated clothing. Wear a dust mask.

9 Physical and chemical properties

Form:	powder
Colour:	brownish-grey
Odour:	slightly bananalike
Change of state	
Melting point:	not applicable
Boiling point:	not applicable
pH value (10 % in water):	5.9 – 6.1 (10 % suspension in water)
Density:	0.74-0,76 g/cm ³
Explosion limits:	not applicable
Flash point:	not applicable
Ignition temperature:	> 400°C
Solubility:	can be suspended in water

10 Stability and reactivity

Dangerous reaction:	None known
Combustion products:	Carbon monoxide, carbon dioxide, nitrous gases.

Safety Data Sheet

Product name: Boviform® plus SID

11 Toxicological information

Provided the product is handled appropriately and general hygiene regulations are observed, no health risks are known.

12 Ecological information

Naturally occurring bacteria.

Water-risk category: 1, low water risk (own classification).

Providing the product is used in accordance with its intended purpose, no adverse environmental impact is to be expected.

13 Disposal considerations

Recommendation: The product and cleansing media must be disposed of in accordance with local regulations. For large quantities, consult the supplier.

14 Transport information

No restrictions.

15 Regulatory information

Marks according to the EEC directives:

No identification required under the "Gefahrstoffverordnung" (dangerous substances ordinance).

National regulations.

Water risk category: 1, low water risk (own classification).

16 Other information

None

This information is based on our knowledge at the present time. This information does not constitute any guarantee of the properties of the product described as defined in statutory warranty regulations.
